Education

Shri Krishan Chander Govt. Degree College   Poonch
Bachelor of Computer Applications (BCA)   Expected Graduation: 2025

Govt Boys Higher Secondary School   Poonch
High School Diploma   2019-2021

Projects

Food Delivery Site

Developed a food delivery website featuring order placement, admin and user panels, and the ability
to delete orders from both sides for efficient management.

Password Manager using MERN Stack

Built a password manager application with MongoDB, Express, React, and Node.js, focusing on secure
password storage and user-friendly management.

Authentication System using MERN Stack

Created an authentication system with the MERN stack, implementing token-based authentication using
JWT for secure user sessions.

User Image Uploader

Developed an image uploader using Multer and Cloudinary, integrating it with backend services for storing
and retrieving images.

Personal Portfolio Website

Designed and developed a personal portfolio website to showcase skills and projects, with a focus on
responsive design and modern web practices.

Technical Skills

- **Languages:** C, C++, Python, JavaScript, Java, PHP, HTML, CSS

- **Frameworks/Tools:** MERN Stack (MongoDB, Express, React, Node.js), JWT, Multer, Cloudinary

- **Others:** GitHub, Visual Studio Code, Visual Studio
